On behalf of the Occupational Safety and Health State Plan Association (OSHSPA), I would like to take this opportunity to nominate Mr. Jeffry Carter of Indiana for a public representative position on the National Advisory Committee on Occupational Safety and Health (NACOSH). Jeffry is currently the Deputy Commissioner at the Indiana Department of Labor. In this role he has full day-to-day responsibility for the Iowa Occupational Safety and Health State Plan OSHA program (IOSHA).

Jeff spent much of his Health and Safety career with United Technologies Corporation (UTC) in a series of progressively responsible environment, health and safety roles. During this time, Jeff was appointed Chairman of the Indiana Board of Safety Review (similar to the OSHA Review Commission). After five years of service with the BSR, he served four years as Chairman of the Indiana Solid Waste Management Board (SWMB). The SWMB has jurisdictional authority over environmental hazards and regulations pertaining to any type of hazardous or non hazardous waste.

During his tenure with UTC Jeff was responsible for a number of plants within their North American Commercial Industrial Group. He led an EHS internal audit Team for 3 years and subsequently a cross functional Green Design team for 2 years. He served as the EHS resource liaison for several green product initiatives within the carrier Division of UTC. I believe this experience will prove to be invaluable, given's OSHA new focus on safety and health associated with emerging Green technologies.
