Dear Secretary Acosta:

On behalf of the Occupational Safety and Health State Plan Association (OSHSPA), I would like to take this opportunity to nominate Mr. Christopher "Scott" Mabry, Assistant Deputy Commissioner/Assistant Director of Occupational Safety and Health for the North Carolina Department of Labor, as a state safety and health agency representative to the Advisory Committee on Construction Safety and Health (ACCSH).

Scott has over twenty-nine (29) years of experience in the private and public sector in the engineering/surveying, safety and health fields. He was the safety director for the North Carolina Department of Transportation, where he also served on the North Carolina State Safety and Health steering committee. That committee is responsible for assisting in the management of the North Carolina state government safety and health program. He worked in capacity of an industrial hygiene compliance officer for the NC Department of Labor's Occupational Safety and Health Division for over five (5) years, during which time he participated as a member of OSHA's safety and health team that responded to the 2001 World Trade Center tragedy. Scott's private sector experience includes work as a corporate safety director for a large mechanical contractor, an industrial hygiene services manager. He also has additional experience as an industrial hygienist and manager in a public university environment.

I have personally known Scott for over 17 years and hired him in late 2016 to manage the Compliance Bureau's within the North Carolina Occupational Safety and health program. I believe his experience would make him an excellent addition to ACCSH.

Scott fully consents to this nomination, recognizes the commitment and responsibility associated with serving on ACCSH, and is willing to attend and participate in ACCSH meetings. In addition, there are no apparent

conflicts of interest that would preclude his membership on ACCSH. Mr. Mabry's contact information is:

Thank you for your consideration of this nomination and please contact me should you have any questions or need additional information.

Sincerely,
